

# AUTOMATED HEALTHCARE INVENTORY MANAGEMENT SOLUTION

*by CAHO Healthcare Pharmacists Forum & Shuter Enterprise India Pvt Ltd*

## BACKGROUND & OBJECTIVES:

How can we improve operational efficiency, enhance staff well-being & ensure patient safety? The need for automation can be felt when the facility runs at peak capacity, and managing things becomes challenging. The system's main objective is to increase operational efficiency, cost reduction, and staff well-being without compromising the patient's safety.

## AGENDA:
